## Only 17 Bulls Will Be Sold . . .

The West Central Illinois Assn. is instituting a new procedure with regard to bulls in this sale. The sale manager was instructed to catalog all the bulls nominated by members. The best 17 will be sold. These will be selected by the judge of the show.

A veteran Iowa breeder, whom I believe has not missed a single Princeton sale echoed the sentiments of a lot of capable cattlemen a couple of years ago when he said: "I attend a lot of sales. I never miss Princeton, the quality has never disappointed me. I am always able to find what I want at prices I can pay."

There is a difference in auction sales . . . and a difference in the way consignors regard them. Since the start of this event, back in 1947, this sale has been blessed with unusual quality . . . the kind of classes you see at leading fairs. Prices while not extremely high, have provided a fair return to the consignors . . . and since buyers here have shown they recognize quality, consignors have pointed their best to this sale. I am very proud to have been the manager of this event each year since a small group of us started it some thirteen years ago.

*Don Longley*

Sale Manager  
The Shorthorn World

Willard Nelson, consignor to this sale, and his grand champion pen of feeder calves, 1958 Arizona National, Phoenix, over all breeds. The attractive girl is Miss America of 1958.

## The Club Calf Sale

The same high quality that exists in the sale of breeding cattle carries down into the club calves offered at Princeton. Twenty-four top calves have been nominated this year. We are sorry this sale cannot be held on a Saturday . . . because we are certain that we could turn out a better crowd of youngsters. However, any Saturday at this time of year conflicts with important junior shows in this area . . . shows like Peoria and Sandwich. We believe those boys and girls who are able to attend will find a fine selection at prices somewhat easier for them than if this sale were on a Saturday.

**Below is a run down of the club calves to be offered:**

**Prescott Down & Sons, Wyoming**—three calves by the Nebraska State Fair Grand Champion, Braemoor President 9th.

**Inness Farms, Galesburg**—three calves by Scotsdale Lyttleton, sire of the Illinois State Fair Reserve Junior Champion bull.

**Nelson Farms, Geneseo**—this herd, specialists in the production of top club calves, will sell two steers.

**Jerry Taylor, Prairie City**—a March club calf by Susanna's Custodian 18th.

**Roe V. Guth & Sons, Washington**—a club calf by Realization, his well known imported-in-dam sire.

**Parkhurst Bros., Oswego**—three top calves by Susanna's Basis 6th.

**Roy Diikers, Shannon**—three calves by Lucky Prince by N-Bar Gold Standard by N-Bar Prince.

**Arthur De May, Annawan**—a calf by Wernacres Adonis 17th.

**Wayne Ramp, Dahinda**—two or three by M. V. Better News 5th by Femco Better News.

**Roy Ayers & Sons, Sublette**—four by Grand Standard, full brother to Vince Baker's Champion Prince.

**N. J. & J. H. Reed, Elmwood**—a top January 30 steer calf.

QUEEN ANN—A dependable brood cow of strong Blotz Bros. background. She sells bred to Bapton Craftsman, one of the greatest imported bulls in the breed today.

**National  
Sale  
Calibre**

A few typical females in the Melbourne herd, John Alexander & Sons, Big Rock, Illinois. They are sending a strong consignment of two bulls, two females.

**Nationally  
Known  
Consignors**

## *Strongest District Sale in the Nation . . .*

Last year at Princeton, 24 bulls averaged \$368 . . . 43 female lots \$337. When cattle of this calibre and breeding can be purchased so reasonably, there is no reason why any midwestern cattleman should be a multiplier of plain cattle.

Study the list of consignors to this sale. You will notice it loaded with herds that have achieved prominence in the finest show and sale rings of the nation. This area is blessed with many such strong herds . . . and each fall they bring their best to make a strong Princeton sale.

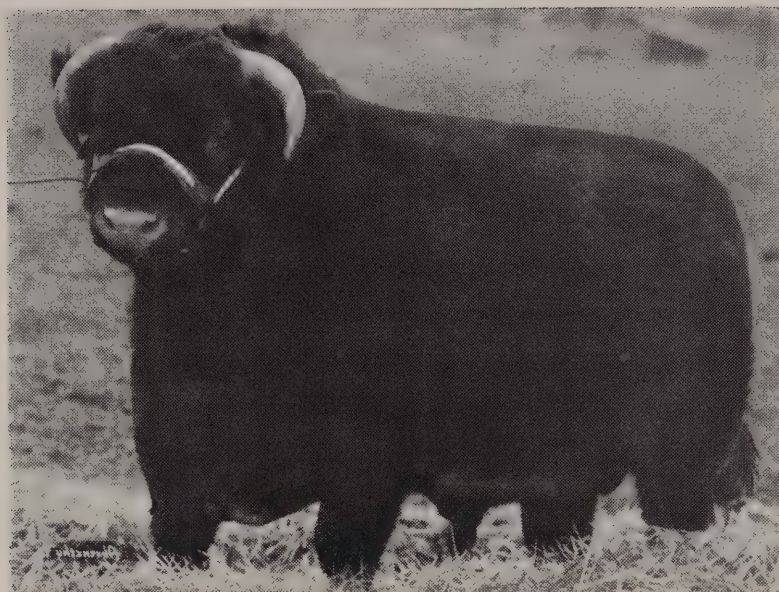

As you study the pedigrees, you will see that these herds are headed by many of today's most respected sires . . . that great sires have been the pattern of this area for generations. No area has been more aggressive in its acquisition of the very best blood.

You will notice, too, that the cattle come from a wide area. That is because this sale has wisely elected not to draw stringent territorial lines . . . preferring instead to take good cattle where they could be found.

There will be bulls in this sale capable of heading the finest herds . . . and a good selection of bulls for the commercial cattleman, whose aim is to top the market.

The females from the Princeton sale have added strength to many of the nation's best herds. Entire top quality herds have been built almost exclusively through purchases made in this sale.

Realization. This imported-in-dam sire made a great record in the Marion Woody herd in Indiana. He was purchased in their dispersion by Rae V. Guth & Sons. Lot 21 has a calf at foot by him.
